With Art and Music, Our Community Can

"Stop Genocide Now"!

"TOGETHER WE CAN AWAKEN THE DORMANT CONSCIENCE OF A LISTLESS WORLD."

– Rabbi Harold Schulweis, Founder, Jewish World Watch

Since 2003, more than 400,000 people have been killed and over three million have been displaced as the genocide in Darfur, Sudan continues to escalate. Villages are destroyed, homes burned to the ground, women and children raped and mutilated, all in the name of "ethnic cleansing." We Jews endured the Holocaust and promised "Never Again!" The only limit to the impact we can create lies in the level of interest we can stimulate and the amount of energy we can generate.
